CAREER PROFILE

Computer Science student with a strong focus on Fullstack Web Development and Machine Learning. Passionate about translating complex logic into scalable web applications and data-driven solutions. Experienced in developing full-stack systems and optimizing machine learning algorithms to solve real-world problems, with a strong commitment to engineering robust IT solutions.

SKILLS

Programming	: Javascript, Laravel, React, Python, NextJs, MySql, Docker, Github
Design & Editing	: Figma, Canva, Adobe Photoshop
Language	: Native Indonesian, Conversational English

PROJECTS

Generative AI Implementation (RAG & Model Fine-Tuning)

- Designed a Retrieval-Augmented Generation (RAG) to enhance the contextual relevance of LLM.
- Fine-tuning process on the Llama base model to optimize AI performance.
- Managed the repository and deployed the trained model into the Hugging Face ecosystem.

CSR Lens: RAG Chatbot for Company Sustainability Reports

- Engineered a RAG chatbot to efficiently query and analyze pharmaceutical CSR reports.
- Architected dual LLM pipeline for query rewriting and precise answer generation.
- Optimized retrieval accuracy and conversation context by implementing local Top-K reranking.

Woodcraft E-Commerce Platform (Fullstack Project)

- Built an MVC-based fullstack e-commerce platform using Next.js and Node.js.
- Designed a MySQL database to efficiently manage products, users, and transactions.
- Implemented secure REST APIs with custom middleware for authentication and error handling.

Pacemaker E-Commerce Platform (Fullstack Projet)

- Built a full-stack e-commerce platform using React.js and Laravel with RESTful API integration.
- Implemented secure authentication and relational database design (MySQL).
- Developed a responsive, component-based UI for product browsing, search, and checkout.

EDUCATION

GANESHA UNIVERSITY OF EDUCATION — **Bali, Indonesia**
Computer Science | GPA 3.76 — **Aug 2023 - Present**

- Relevant Coursework: Algorithms & Data Structures, Database Systems, Artificial Intelligence, Distributed Systems, Software Engineering.

CERTIFICATE

- **Development of LLM-based Generative AI** - **Dicoding Indonesia (2026)**
- **Intermediate Gen AI** - **Dicoding Indonesia (2026)**
- **Deep Learning Fundamental** - **Dicoding Indonesia (2026)**
- **Machine Learning for Beginner** - **Dicoding Indonesia (2025)**
